Purpose

The purpose of this policy is to ensure standard, coherent policy and procedures for the election of the University Rector. This election is a joint venture between the Society of Graduate and Professional Students (SGPS) and the AMS. While the AMS does not explicitly have a rector policy prior to this, we have followed that of the SGPS in previous years. This policy and procedures document standardizes and updates the SGPS policy to make it coincide with AMS elections framework and our constitution, but more importantly allows candidates one central location to access policy. This increases the accessibility of Rector Elections policy to prospective candidates and others involved.

Terminology and definitions

University Rector: A non-elected, non-voting member of both the AMS Assembly and SGPS Council but shall not be officially affiliated with any faculty or society on campus other than the student body itself as represented by the two student societies, the Alma Mater Society and the Society of Graduate and Professional Students. The University Rector is also one of the students' representatives on the Board of Trustees'.

Rector Elections Team: The AMS Elections Team and the SGPS Elections team, collectively, shall be defined as the Rector Elections Team. The two main authorities of the Rector Elections Team shall be the AMS CEO and the SGPS CRO, with duties being distributed to respective Elections Teams based on their individual Policy on Elections and Referenda.

Statement

This policy is an elaboration of the AMS Constitution, Section 13.02, which outlines constitutional requirements of the Rector Election. It details specifics related to nomination, campaign, polling, and campaign procedures. Furthermore, it provides clarification on Rector Election expenses as well as policy surrounding removal of the Rector.

Scope

This policy will only cover University Rector elections and does not apply to other Society elections. This policy has influence over the following individuals:

Rector Election Team: Tasked with executing the elections in accordance with this policy.

AMS Secretary and SGPS Speaker: Tasked with ensuring that the Rector Elections team abides by this policy manual, and any administrative oversight necessary to carry out this policy.

Candidates: Candidates for University Rector are responsible for familiarizing themselves with this policy manual and ensure that they comply with outlined responsibilities throughout the elections process.

Roles and Responsibilities

AMS Secretary: Must liaise with SGPS Speaker to establish dates for the election, timelines, and spending limits. He/She shall also oversee the Rector Elections Team and aid in policy interpretation and provide administrative resources.

Rector Elections Team: Must execute the Rector election in accordance with this policy. Has the responsibility to contact candidates, organize logistical events, and enforce this policy during the election season.

Candidates: Candidates are responsible for understanding their rights and obligations as outlined by this policy manual and the AMS Constitution (13.02)

- c. Candidates shall appear on the ballot in an order determined by lottery.
- d. Ballots presented shall contain identical phrasing and identifying of candidates, such that a ballot cast in either election is to be considered identical to one cast in the other election.
- e. Both societies shall review the ballot of the other society to ensure the ballot is constructed in accordance with this policy.

Section 6: Tabulations, Results, and Announcements

- a. The votes cast in each election shall be combined into one collection of votes cast, so as to avoid a divisiveness of results between societies.
- b. Where there are exactly two candidates, the candidate with the greater number of the total votes, from the combined collection of votes, will be deemed the successful candidate.
- c. Where there are greater than two candidates, preferential balloting will be employed, using the following method:
 - (1) Initially votes shall be counted according to the highest preference expressed on a ballot. If a candidate receives sufficient ballots marked for them with first preferences to achieve a simple majority of fifty percent plus one (50% +1) of the ballots cast, they shall be declared the winner.
 - (2) If no candidate receives sufficient ballots marked for them with first preferences to achieve the fifty percent plus one (50% +1) threshold of ballots cast, then a second round of counting shall occur. The candidate with the fewest number of ballots marked with first preferences for them will be removed from the second round of counting and the ballots marked with first preferences for this candidate shall be redistributed according to the second highest preference expressed on that ballot.
 - (3) If two or more candidates tie for the least number of first preferences in the first round of counting, then they shall both be eliminated and their ballots redistributed according to their second preferences.

- (4) This same procedure shall be repeated until one candidate receives sufficient votes to achieve a simple majority of fifty percent plus one (50% +1) of the ballots cast, at which point this candidate shall be declared the winner.
 - (5) If only two candidates remain and neither has reached the fifty percent plus one (50% +1) threshold of votes cast, the team with the highest number of votes shall be declared the winner.
 - (6) If there is no second highest preference expressed on the ballot, then the ballot shall be considered spoiled.
 - (7) If there is no first preference expressed then the ballot shall be considered spoiled.
 - (8) If, after a first preference is expressed, there follows a set of preferences that are expressed in a non-sequential manner, the preferences after the interruption of the continual sequence shall be discounted.
 - (9) If two or more candidates tie for the lowest number of high preferences being considered in a particular round, other than the first, then the candidate that had the fewest first preferences will be eliminated from contention and those ballots will be redistributed according to those ballots next highest expressed preferences.
- d. If a candidate is disqualified, ballots shall be interpreted as if the disqualified candidate had been removed from contention in the first counting round.
 - e. At no time will any member of the Rector Election Team reveal the split of votes based on the two Societies, and wherever possible knowledge of this information should be avoided altogether.
 - f. The Rector Election Team shall publicly announce the results of the Rector election immediately after the candidates have been notified. Following this, they shall directly notify the AMS and SGPS Executives, and the Secretary of the Board of Trustees, of the results of the Rector Election. Should the candidate not be available the results will be made public no less than two (2) hours after they have been confirmed by the Rector Election Team.
 - g. Any ballot, which is spoilt or rejected, including a blank ballot, shall be considered in the total number of ballots cast.
 - h. Any computer software used by the Rector Election Team shall be available to any member of the society on demand for the purpose of inspecting it and perusing its constituting code.
 - i. Any campaign organization requesting clarification about the election results must do so by submitting a formal written request to the Rector Election Team within 48 hours of the release of the results.

Section 7: Penalties and Disqualifications

- a. Rector Elections penalties and disqualifications will follow the Policy of the AMS on Elections Policy on Violations, Penalties and Disqualifications, with the exception that any decisions shall be made by the Rector Election Team.
- b. In cases of appeal of a decision rendered by the Rector Election Team, a Rector Election Appeal Board shall be struck consisting of four members of the AMS Judicial Committee and two members of the SGPS Judicial Committee. The responsibility to chair shall alternate between the two societies each Rector election or referendum, with the chair to be independently selected from the respective society's non-academic misconduct system.

Section 8: Removal of the Rector

- a. The Rector may only be removed from office following a campus-wide referendum in which a minimum of 20% of the entire student body (based on enrolment figures from the Registrar's Office) vote. In order to remove the Rector, the following referendum question shall be posed: "Shall [name of Rector] continue to hold the office of Rector of Queen's University at Kingston? Yes, No."
- b. If greater than 50% plus 1 of ballots cast record a No vote, the Rector will cease to hold office, effective immediately. In the event that less than twenty percent of the electorate have cast ballots, the referendum question shall be subject to the following sliding scale based on total voter turnout:
 - (1) 15-19.99% shall require greater than 55% plus 1 of the ballots to record a No vote to constitute removal.
 - (2) 10-14.99% shall require greater than 60% plus 1 of the ballots to record a No vote to constitute removal.
 - (3) 5-9.99% shall require greater than 65% plus 1 of the ballots to record a No vote to constitute removal.
 - (4) 0-4.99% shall require greater than 70% plus 1 of the ballots to record a No vote to constitute removal.
- c. The referendum shall be held upon receipt by either the AMS CEO or the SGPS CRO, of a petition to do so which has been signed by at least four percent of the entire student body, being all eligible AMS and SGPS members (based on enrolment figures from the Registrar's Office).
- d. All AMS and SGPS members shall be eligible to vote on this question.
- e. This Referendum will be conducted in accordance with the same procedures for electing the Rector, adjusted for a referendum, as opposed to an election.

Monitoring

Compliance with this policy shall be the joint responsibility of the AMS Secretary and the SGPS Speaker, who jointly oversee the administrative functions of the Rector Elections Team.

Compliance will be closely monitored and any actions seen to deviate from this policy shall be immediately corrected by either the AMS Secretary or the SGPS Speaker.

This policy is to remain identical in the By-Laws, Policies, Policy Manuals, and Constitutions of both the SGPS and the AMS. If at any time a change is to be made by either Society, it must be agreed upon by both Societies before being brought forward to approval. Changes to this policy are not effective until approved by both the AMS Assembly and the SGPS Council.
